This obedience class will also teach some of the formal continuing obedience exercises that are necessary to be successful in competing in Rally Obedience.

STAYS RECALLS DISTRACTIONS

This is a class for the dog of any age who knows the basics but who has difficulty responding to commands when there are other animals, other people or any other distractions present. In this class we work on leash walking with distractions, recalls with more distractions and distance, and stays with more duration and increased distractions. The goal of this class is to teach you how to gain focus and attention from your pet so you can rely on them in and out of the house!
